As discussed in the last meeting held on 08/09/2020 and 04/12/2020 at CRPF HQr and MHA respectively, KVIC has submitted two samples of Blankets with test reports conducted by NITRA. It was intimated that this was the third sample provided by KVIC and the sample submitted has improved a lot in quality. However, few shortcomings in constructional parameters are still there, the most important being Cloth warmth (Clo Value). On this, representative of KVIC informed that these parameters can be improved and they will discuss this with the technical team/manufacturing units. Dr. M.S, Parmar from NITRA informed that major deviations which affect the basic nature of Blanket can be improved by KVIC.

3. After detailed discussion, all the participants agreed that KVIC should improve following important parameters of **Blanket**

Test Parameter	Test method	Requirement as per specification	Test Results (SC: 3469)	Remarks
Blend Composition -Wool -Nylon(Polyamide) -Others	Appendix-E 2	Wool= 80±2 Polyamide=20±2	79.54 7.21 13.25	KVIC to improve as per approved QRs/Specification CAPFs Blanket

4. Price reasonability is another major concern which was deliberated. Representative of KVIC informed that they will provide most competitive price after approval of its sample.
5. Finally, Dr. V.K. Nagar, Dy. CEO KVIC intimated that above matter will be discussed with their Sr. Officers, technical team/Institutions and requested for 02 weeks time to sort out these issues. During meeting, following decisions were unanimously taken:-
 - a. KVIC will provide improved Sample of Blanket with test report conducted by NITRA by 25th January 2021.
 - b. KVIC will re-consider on the price offered by them for the Blanket.
 - c. If sample is accepted, MoU will be signed in the first week of February 2021.
 - d. In view to assess the capacity of KVIC for supply of the blankets and for feedback from force personnel, it was decided that in first phase we should place demand for 10% of Blanket for CAPFs.
6. Meeting concluded with direction to all stake holders for taking action as discussed above.
